

## Opportunities for your catering business!

Did you know about the construction projects starting in Maybole this summer? The next three years will bring some very exciting developments to the town.

As you are probably aware work on the new school campus will start in earnest in winter 2021. 250 workers will be arriving to begin works. This - combined with the Maybole Regen works - will bring an increased footfall to Maybole Town Centre. It's time to think about harnessing this opportunity to boost our local economy, with opportunities to cater for the construction industry.
